

OFFICE OF THE GOVERNOR

February 10, 2017

Compton Community College District Board President
El Camino Community College District Board President

Dear Board Presidents:

Based on the recommendations of both the California Community College Chancellor and the Director of Finance, I am supporting the return of local control of Compton College to the Compton Community College District governing board. This is pursuant to the conditions outlined in the joint letter to your boards signed by the Chancellor and Director.

With this letter, and in accordance with Education Code Section 71093, I am concurring with the special trustee's opinion. For two consecutive-academic years, the district has met the requirements of the comprehensive assessment conducted, and the recovery plan prepared, pursuant to Education Code Section 41329.59.

Congratulations on reaching this important milestone. I wish you continued success on the path to full accreditation.

Sincerely,

A handwritten signature in black ink that reads "Edmund G. Brown Jr." with a stylized flourish at the end.

Edmund G. Brown Jr.

Cc:

Compton Board Members
El Camino Board Members
